

Douglas County School System COVID-19 Weekly 7-day Case Report

August 13, 2021- August 19, 2021

This report summarizes COVID-19 cases and the percent of positive COVID-19 cases per school location from Friday to Thursday among students and staff. A case is defined as a person with a positive COVID test. Cases are summed across staff and students enrolled and/or working at the school location. The percent of cases per school (location) represents the number of cases within the school divided by the school's total student and staff population.

Includes all cases reported as of Thursday 8/19/2021 at 4pm ET
